## BANKABLE

Bankable is a nonprofit organization that focuses on the economic development of Indiana communities through the creation, growth, and sustainability of jobs through small businesses. This is done by equipping underserved small businesses with capital solutions, business development resources, and meaningful mentorship so they can become bankable.

Bankable is a certified SBA Microloan Program lender, SBA Community Advantage lender, and a CDFI.

### Financial and Social Impact

Since Bankable started in 2010:

- More than \$25 million in loans to more than 500 Indiana businesses
- More than 100 new startups funded
- More than 150 small businesses have graduated to traditional financing
- More than 60,000 hours of staff time spent working directly with borrowers to help them grow their businesses

### Success Story – Sweet Revolution Bakery, Lafayette, IN

Sweet Revolution Bakery in Lafayette, IN, is a daughter, mother, son team that started in a farmers market using a shared kitchen. Bankable helped the business establish its first brick-and-mortar bakery and grow into a “bankable” business!
